**OFFICE OF THE TOWN ADMINISTRATOR**

Honorable Mayor W. Daryl Walker, Board of Aldermen and community members,

With several very busy years behind us and signs of progress visible on a host of projects throughout our community, I am pleased to present the Town of Atoka's fiscal year 2016 budget for your consideration. This budget is a product of discussions held during a budget work session on May 5 and May 19 and a thorough review process at the Department Head level. The budget as presented incorporates the goals and objectives of the Town as established through the direction given by the Mayor and Aldermen during the course of the past year and at the budget work sessions.

The budget as presented funds a host of Town priorities with a keen focus on the future of our Town. In the new year, we look to continue investment in our park system, fund the stand-up of the Atoka Fire Department, make improvements to major parts of our road system, complete the Atoka Municipal Complex project and begin work in earnest on the Atoka Greenway Trail – all while maintaining day-in, day-out exceptional service to the people of our community.

**Summary of the Budget**

Exhibit 1 shown below provides an overview of the entire Town budget by showing the anticipated revenues and expenditures for all of the Town's funds. This table also shows the audited unrestricted fund balances as of the end of fiscal year 2014, the fund balances projected for the end of fiscal year 2015, and the anticipated fund balances for the end of fiscal year 2016.

**EXHIBIT 1**  
 Summary of the Budget  
 Fiscal Year 2016

<b>Summary of the Budget</b>					
Fund Title - Description	Audited Unrestricted Fund Balance 6/30/14	Projected Fund Balance 6/30/15	Anticipated Revenues	Anticipated Expenditures	Anticipated Fund Balance 6/30/16
110 General Fund *	\$ 3,374,407	\$ 3,462,344	\$ 10,003,700	\$ 10,462,799	\$ 3,003,245
Solid Waste Fund	\$ 139,708	\$ 250,708	\$ 240,000	\$ 240,000	\$ 250,708
121 State Street Aid Fund	\$ 403,645	\$ 403,895	\$ 625,810	\$ 750,000	\$ 279,705
127 Drug Fund	\$ 121,102	\$ 111,742	\$ 13,500	\$ 21,800	\$ 103,442
413 Water & Sewer Fund	\$ 8,364,384	\$ 8,336,443	\$ 1,877,000	\$ 1,853,853	\$ 8,359,590
<b>TOTAL ALL FUNDS</b>	<b>\$ 12,403,246</b>	<b>\$ 12,565,132</b>	<b>\$ 12,760,010</b>	<b>\$ 13,328,452</b>	<b>\$ 11,996,690</b>

As Exhibit 1 above shows, the Town looks to end the current fiscal year in a strong financial position. Revenue into the General Fund continues to be strong – with local sales and property tax revenue both performing ahead of expectations and expenditures being closely monitored by our management team. Each year, we remain cautiously optimistic that the revenue trends will continue into the new budget year and take a conservative approach to our projections.

The General Fund is projected to end the current fiscal year up more than \$87,000 compared with where it began on July 1, 2014.

This narrative will outline the planned capital expenditures and special projects as discussed with the Board that have been included in the budget figures.

The budget as submitted anticipates in revenue through the Town's five funds. This year, the largest revenue source shows as 'Other Revenue' in anticipation of loan proceeds on the Atoka Municipal Complex project. In a typical year, the largest source of revenue is local taxes with the various sales and property taxes assessed by the Town providing \$3.6 million in anticipated revenue. By far, sales tax – including sales tax revenue shared by the State and the local option fire sales tax revenue – represents the largest single source of Town revenue and is a key window into the health of our local economy.

## Revenue - All Funds - Fiscal Year 2016

Based on a projected increase in sales tax revenue during the current fiscal year and our ongoing conservative approach to revenue estimating, the fiscal year 2016 budget anticipates very minimal growth over the budgeted fiscal year 2015 figures. The submitted fiscal year 2016 property tax revenues reflect an increased property tax rate – up twenty-five cents (\$0.25) to eighty cents (\$0.80) per \$100 of assessed valuation. This would be the first property tax increase in Atoka since 2007 and maintains our position as one of the lowest property tax rates in the region – and the absolute lowest tax rate in a full-service municipality in the area. Our approach has been one of very conservative revenue projections – an approach that has served the Town well in the past and minimized risk to revenue shortcomings. Exhibit 2 is located on page 8 and provides an overview of all Town's revenue for fiscal year 2016.

The proposed fiscal year 2016 budget anticipates expenditures totaling \$13,328,452 across the Town's funds. The General Fund is the largest component of the planned expenditures with expenses totaling more than \$10.4 million. Fiscal year 2016 is unique in that the costs associated with the Atoka Municipal Complex are captured in the budget – significantly increasing the planned expenditures and revenues when compared to previous years. A more detailed analysis of each fund is provided below.

## **General Fund** **Revenues**

The revenues for the General Fund's fiscal year 2015 which ends on June 30, 2015 are projected to be \$4,792,764 – approximately \$263,000 above the budgeted revenue of \$4,528,800. The single largest factor in the difference was a supplemental grant from Tipton County of \$100,000 that assisted in the purchase of a new fire engine. Additionally, strong sales tax revenue – benefiting both the local option and state shared revenue – and other smaller increases have produced a solid year in revenue for the Town.

While much of the news from the past fiscal year is good, there are a few areas that remain a concern. Interest income continues to be weak as interest rates on our investments remain historically low. Liquor inspection continue to be well below their levels prior to the mandated inspection fee reduction. We are also focused on continuing to grow our Parks Department programming offerings. With the recent addition of the Program Coordinator, our goal is to increase program participation and thereby revenue generated by the Department. While these may not be significant revenue sources, staff monitors every revenue stream to provide for sound fiscal management of the Town.

In fiscal year 2016, the Town plans to receive \$10,003,700 revenue compared to just over \$4.5 million in fiscal year 2015. While that is a significant increase, that number is driven primarily by the \$5.5 million in loan and grant proceeds from the Atoka Municipal Complex project.

While we are cautiously optimistic that sales tax revenues will be continue to be strong in the coming year, the budget presented maintains a conservative, minimal-growth approach to revenue forecasting. All other revenues are expected to remain relatively stable, with only minor increases or decreases anticipated.

## **Expenditures**

The budget as presented anticipates General Fund expenditures of \$10,462,799 which is a significant increase from the \$4,818,474 approved in the fiscal year 2015 budget. The largest factor in this increase is the Atoka Municipal Complex construction project which significantly increases the capital expenditures in the new fiscal year. The budget as presented awards a three (3) percent across-the-board increase to all Town employees, continues the Town match on employee flexible spending accounts and the life insurance benefit for all full-time employees. As showed in the graphic below, personnel expenses comprise just over twenty-six (26) percent of all General Fund expenditures.

## **General Fund Expenditures - Fiscal Year 2016**

*by Category*

General fund expenditures are grouped into three (3) overall categories: personnel costs which include direct salaries, contributions to employee retirement programs, health insurance premiums and payroll taxes; non-personnel costs which include items like utility expenses, liability insurance, vehicle fuel and maintenance and postage; and capital costs which represent acquisitions or replacement of vehicles and major equipment. The first two of these categories can be grouped together and considered normal operating costs of the Town while capital costs become assets of the Town and are used for a period of time in service of the community.

Included in the General Fund expenditures are nearly \$6.5 million in planned capital purchases including operating equipment replacement and special projects. The largest portion of the Town's capital expenses in the coming year will be related to Atoka Municipal Complex project. For budget purposes, the project has been assigned to three operational departments – Administration, Police and Fire. While other Departments will operate from the facilities, the simplest way to present the costs for budgeting were in these three Departments. Other capital purchases in the General Fund include furnishings for the new facilities, driveway replacement at the Walker Parkway fire station, rehabilitation to the train playground area at Adkison Park and the Atoka Greenway Trail – Phase I. The budget also includes the replacement of two (2) Police Department vehicles in fiscal year 2016. During budget discussions last year, the Board directed staff to increase the mileage threshold on Police vehicle replacements – resulting in an increased useful life for each police vehicle and reducing the annual cost of each vehicle. With recent replacements in the Administration, Fire and Public Works fleets, no additional vehicles are planned for purchase this year.

The chart below shows General Fund expenditures on normal operating costs (personnel and non-personnel) without the inclusion of capital expenditures – providing a much more realistic view of how the Town spends its General Fund dollars in operating the municipal government.

## General Fund Expenditures - Fiscal Year 2016

In the coming fiscal year, our budget is focused on standing up the Atoka Fire Department, completion of the Atoka Municipal Complex project and progress on the Greenway Trail project. The most significant change from an operational standpoint in the new fiscal year will be the addition of the stand-alone Atoka Fire Department. Staffing levels in all departments will require ongoing review from staff and the Board as we move forward in delivering the services that our residents want and expect.

Town staff remains committed to finding ways to operate more efficiently and cost effectively to manage costs. Simple changes, like changing fuel vendors or eliminating late bill mailings, have the ability to significantly reduce our cost structure and our staff reviews those opportunities throughout the year in an effort to maximize every Town dollar spent.

Two final factors that will impact the General Fund in the coming fiscal year are the Atoka Roundabout project and a permanent home for Public Works. While the roundabout project is likely to be more of a pass-through as the Town spends state and STP funding on the project at full reimbursement, the Public Works facility will likely be a one-time capital expense. The Public Works Committee will begin meeting this summer to determine a course of action on that project and a budget amendment will be needed to fund it in the future.

The Town's General Fund reserve remains in excellent condition as we enter the new fiscal year. The solid nature of the General Fund balance has enabled the Board of Mayor and Aldermen to allocate funds towards special projects in the past and to fund principal debt service on the Town Hall project without impacting the operational costs of the Town.

### **Solid Waste Fund**

New to the fiscal year 2016 budget is the Solid Waste Fund. This new fund is a result of new reporting requirements regarding solid waste programs and the Town has adjusted its practices to comply with this new requirement. Since the billing and customer service functions of the trash program are provided by General Fund employees, there is a contribution from the Solid Waste Fund back to the General Fund to reimburse the General Fund for the billing costs and staff time used in managing the program.

### **State Street Aid Fund**

The State Street Aid Fund's primary source of revenue is State revenue sharing. These funds can be used for improvements and maintenance to the Town's road system. This year, the Town also proposes to draw down approximately \$405,000 in previously authorized infrastructure debt to complete major repaving projects on heavily traveled roads including Rosemark Road and Kimbrough Drive and in subdivisions throughout Atoka.

The revenues for the State Street Aid budget in fiscal year 2016 are anticipated to be \$625,810 and the budget anticipates spending approximately \$750,000 on road repair projects in the coming fiscal year. This will result in a draw down on the fund balance in the State Street Aid fund of approximately \$125,000 – leaving an end-of-year fund balance of \$279,705. As discussed last year, the decline in State Street Aid revenue will remain a challenge going forward; as vehicle fuel efficiency increases and more electric vehicles begin to take to the roads, the tax revenue generated for this fund continues to decline.

### **Drug Fund**

The Drug Fund's primary source of revenue is crime-related fines and forfeitures. These funds can be used for equipment and supplies in support of a local drug treatment program, drug education, drug enforcement activities and non-recurring capital expenditures. Last year, the Atoka Police Department acquired, among other things, a drug incineration trailer for use in disposing of unneeded prescription medication.

The Drug Fund is projected to begin the year with a \$111,742 fund balance and projected fiscal year 2016 revenues for the fund are anticipated to be \$13,500 with \$21,800 in expenses. While last year saw significant revenue to the Drug Fund, overall those revenues have declined in the past several fiscal years – a trend we do not expect to reverse itself in the next year. The extra funding received into the fund during fiscal year 2015 allowed the Town to make capital purchases for the Police Department fleet

without impacting the General Fund – a recognized one-time fix as the Atoka Police Department added new personnel in the 2015 fiscal year.

### **Water & Sewer Fund**

The Water & Sewer Fund is an area where the Town continues its solid management of the utility system of the Town.

The operational budget anticipates \$1,877,000 in revenues and \$1,853,853 in expenses. The primary sources of revenue for this fund are the fees assessed for delivery of water and sewer service. The revenue projections anticipate relatively flat revenue from both water and sewer collections and we expect to see an increase in our cost to acquire water from the Poplar Grove Utility District. In future years, the Town may need to consider a small rate increase in the water and sewer rates to absorb higher water purchase prices impacting the system. The budget also provides funding to begin design of a sewer expansion phase to complete the sewer system in Squires Grove. While funding for construction has yet to be identified, a system design will help us determine the financial needs for construction.

In fiscal year 2017, the Water & Sewer Fund will also begin paying rent to the Town for space in Town Hall and the Public Works facility. Since both of those facilities will be funded with General Fund dollars, the Water & Sewer Fund can pay a reasonable rent for the space they use.

### **Statement of Bonded Debt**

One significant area to note is that in fiscal year 2015, the Town retired two outstanding water and sewer revenue bonds. By retiring a total of \$313,000 of principal in 1999 and 2000 series revenue bonds, the Town will save \$235,000 in interest expense over the next twenty (20) years.

### **Staffing Levels**

Accompanying the expenditure request for each Department or fund is a Personnel Detail, outlining the number of elected, appointed, full-time and part-time employees approved for that Department. The fiscal year 2016 budget maintains current staffing levels in all Departments with the exception of the Fire Department which adds thirteen (13) full-time employees in the new fiscal year. Future fiscal years may see additional needs for personnel – especially in areas of public safety and Public Works.

### **Fleet Inventory & Capital Replacement Plan**

Staff has compiled a current fleet inventory and developed a capital replacement plan to help guide our capital investments over the next five years. Those two documents are also included in this budget book for your review. The inventory helps provide a picture of how many vehicles the Town maintains and their general age and condition while the capital plan allows us to schedule replacements over a five year period and plan for larger acquisitions that will need to be made.

### **Summary**

Like most years, this has been a challenging budget process for both staff and the elected officials. We have had very productive discussions about organizational priorities, how to meet the almost infinite desire for services with the finite resources available to pay for those services and how the Town should prepare to serve the community in the years ahead. As I've said before, budgeting is simply a statement of municipal priorities and from the budget as proposed, I believe that someone picking up this document with no other knowledge of our organization would easily identify these as our three **Priorities**:

*Public Facilities* – This budget proposes to invest nearly \$7 million in facilities and infrastructure to serve our Town for decades to come. From roads and greenway trails

to the Atoka Municipal Complex, these investments become assets to the Town, strengthen our balance sheet and serve our citizens all at the same time.

*Public Safety* – Never has Atoka focused such effort and dedicated so many resources to protecting the people and places of our Town as we will in fiscal year 2016. Day in and day out, Atoka will be a better place because she is being served by Police and Fire Departments that are absolutely second-to-none.

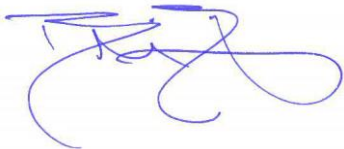

*Our People* – This budget continues the recognition that our employees are our greatest asset by investing in them, maintaining solid benefit programs and keeping their income in line with regional competitors. As we have seen in the recent firefighter recruitment process, the Town is viewed as a great employer that takes care of our employees – recognizing that they, in turn, are here to deliver great service to our community.

The past year has also seen a great deal of "rankings" floating around social media and the Internet about communities across the state. Rankings like "#1 Safest Town in Tennessee", "#4 Town with the Best Community", "#4 Best Town to Buy a House", "#2 Best Place for Young Families" speak highly of the people of Atoka, the services and facilities provided by their local government and the commitment that exists at the Town level to preserve the small-town feel of our tight-knit community even as we continue to grow to be the largest municipality in Tipton County.

When we look back at where we are as an organization today over where we were just a few years back, it is in many ways amazing to consider. More police officers on the street, the Atoka Fire Department in final preparations to begin service, a vibrant park system with incredibly popular amenities, growing subdivisions, the new municipal complex, commercial construction and more. We've launched new annual events like Rock the Block, the Atoka BBQ Fest, Santa's Ride, the Adksion Park Tree Lighting and an expanded Safe Night Out. We maintain an informative web presence and an engaging social media site – reaching out to our citizens and interacting with them in new and useful ways. We've recruited great people to work in our organization at all levels and equipped and empowered them to provide exceptional service back to our citizens. Most incredibly, we've done all of this while strengthening our balance sheet and running one of the most efficient, cost-effective, open and transparent municipal governments in the region. It's a team effort each and every day and, as the Mayor is fond of saying, it's amazing what we can do when it doesn't matter who gets the credit.

As an organization, the Town of Atoka, from the elected officials and management team to our front-line staff members, remains focused on providing outstanding service to our citizens without worrying about who gets the credit. In the end, if we leave our community stronger, healthier, more engaged and better, then let that be our credit. For me personally, it's a pleasure to serve Atoka and our whole team looks forward to providing great service in the future – service that exceeds expectations while keeping Atoka a vibrant, active and strong community that everyone can be proud to call home!

Respectfully submitted,

Brian Koral  
Town Administrator
